Dear Dinsdales,

We are writing to you to thank you for your help in making our cycle track so fantastic.

We all had a walk around it and my first impression is it's great, massive, long, amazing and how did they do it? My class mates said it was perfect, steep, Gigantic, WOW! and we can't wait to ride on it.

We enjoyed watching it develop and all the big diggers on our field. Everyone enjoyed seeing each step and it developing. Throught the bad weather you carried on and built our track. The conditions were dreadful and you got through it.

All the pupils and staff are looking forward to riding on the track. We all will make the most of it and use it throught the school years. All different classes can use it.

If you are werr in the area, call and see us and we will show you how we are using the track and all the different things we have done on it. It would be great to see you again, I have sent you my favourite photo to look at.

Yours sincerely,

Zena Charlton.

Monday 17th January

Dear Dinsdale

We are writing to thank you for your help on making our cycle track so wonderful and fantastic.

Mrs Clarke took us round the cycle track and I thoroughly enjoyed it. Throughout the bad weather you carried on and didn't let it spoil our day. At first I didn't think that you would be able to get it done but you did and I am grateful for this.

I know a lot of hard work was put into the day. Making the cycle track so good was brilliant and I appreciate this effort. All the pupils and teachers have been looking forward to seeing the cycle track fully built.

I have attached a photograph of how the cycle track looks now.

Yours sincerely,
Brandon Birsett.

Monday 12th January 2011

Dear Dins dates

I am to thank you for making our cycle track possible

They are a lot of cool features. We have lots of photos of the machinery getting of the trucks. In one of our lessons we had a look around the track, it was amazing. I really liked the drop offs. In some places there were HFS that got missed out why was that? It was impressive that you managed to do it in the snow. When it has settled I can't wait to go on it. The thing that I thought needed to be better that the rollers and the berms needed to be a bit higher. But it was still a fab job. I have put a photo of the track for you to see.

Yours sincerely

Morgan Patterson

Dear Dinsdales,

I am writing to thank you for making the cycle track at Kippax North School.

My name is India Robertson and I'm in Year 6 at Kippax North. Thank you for all your hard work and improving our school. We will have lots of fun and the cycle track will keep us fit. It must have been hard for you working in all the different weathers! All of Kippax North appreciate your work.

We can't wait until we get to use the track. Thank you. If you are ever in the area come and visit us again.

Yours sincerely
India Robertson.

Monday 17th January

Dear Dinsdales,

Thank you for making our track, it is fab, I can't wait to go on it, I am looking forward to it because I've never been on a cycling track before and I'm going to try all of it.

On Monday 10th January my class Year 6 went and looked at the cycling track and it looks like fun! I don't think you heard but my class and Year 5 did an assembly. How did you build the track in the rain and snow? There is a photo attached.

Thank you for our cycling track it is the best cycling track I have ever seen.

your sincerely
Maisie Drawwater.
