

Project Name:

Haldon Forest Skills Area

Project Manager:

Paul Hawkins

Client:

The One South West Cycling Project

Project Value:

£50,000.00

Case Study

As part of The One South West Cycling Project, DMS where appointed to design and install a Skills Areas suitable for all ability riders at Haldon Forest Park.

The new infrastructure has been designed and built to enable mountain bike users of all abilities the opportunity to learn new skills, practice and improve cycling ability before taking on and riding the graded trails around the forest.

The Skills Area included the following TTF:- Berm's, Rollers, Table Tops, North Shore, Skinnies, Training Arena, Drops Off's, Jumps, Rock Farm and Step Ups.

Working closely with our partners Architrail and Capita Symonds we designed and constructed the many Technical Trail Features required within the project deadline and budget. Our combined expertise enabled a professionally managed project which has delivered fantastic results.
