

Project Name:

Haldon Forest Pump Track and Pump Trail

Project Manager:

Paul Hawkins

Client:

The One South West Cycling Project

Project Value:

£20,000.00

Case Study

As part of The One South West Cycling Project, DMS and Architrail were appointed to design and install a pump track and pump trail for mountain bike riders at Haldon Forest Park.

The new trail has been designed and built to enable mountain bike users, of all abilities, the opportunity to improve their cycling ability, balance and handling within a safe environment.

The pump track and trail include the following TTF:-
Berm's, Rollers,

Working closely with our partners Architrail and Capita Symonds we designed and constructed the flowing pump track and trail within the project deadline and budget. Our combined expertise enabled a professionally managed project which has delivered fantastic results.
